If you're a fan of gambling, you're probably no stranger to lotteries and might have a clue or two of how they work and understand that without a proper plan, chances that you'll win it are slim, next to none. Fortunately, instead of relying on your gut feeling with picking your next lottery numbers, you could just use a specialized software solution such as SamLotto that can help you simulate various scenarios and bring you closer to winning the pot. Simulate a lottery environment This application can help you recreate a lottery scenario along with all that it involves: tickets, numbers, bases, positions, powerballs, wheels, filters and various prediction systems. It supports a huge number of lotteries, so no matter where or what you prefer to play, SamLotto's got you covered. Just make sure to hit the designated "Lottery" button in the main window and make your selection accordingly. Several filters supported This application can help you apply a huge variety of filters on your number selection. Just choose between "Base" or "Advanced" filters by clicking the corresponding tab and start ticking the ones you want to include for your ticket. It is possible to view previous drawings, statistics, winning tickets and even access predictions for your next lottery session by using the buttons from the main window. SamLotto also lets you save your current configuration on your computer and load it later if you want to. More so, if the program's interface seems way too complicated and you have difficulties in understanding and interacting with it, you can watch an instructional video by clicking the "Video" button in the toolbar. Handy lottery app with lots of functions All in all, SamLotto might not be stunning visually-wise, but it provides you with a large amount of features that can help you understand lottery better and even help you build a ticket that has a higher chance to win you a prize. Publisher's Description Lottery is to be won. Many a millionaire were once able to revel in a life of luxury, courtesy of their good fortune in playing a single lottery.
